What is Proper Good?

Proper Good is a joint funding programme established by **Local Access** - The Foundation for Social Investment, and **Big Society Capital**, that aims to support the development of stronger, more resilient and sustainable social economies by **helping social enterprises to develop and thrive**. The programme exists in six localities across the country, and has a different name in each! Here in GM we are Proper Good, and the funding is split across four areas, Bolton, Oldham, Wigan and Stockport.

There are two elements to the programme - enterprise development support for social enterprises, and social investment - which is repayable loan funding specifically designed to be accessible to SE's. We deliver the enterprise development support locally - the social investment is held and administered by GMCVO centrally, for all four GM areas.

What we offer in Bolton

- Tailored training workshops
- Support at Drop-In's
- Social Enterprise Network
- Sign posting
- Seed funding for early stage SE's
- Business Mentoring & grant scheme

Social Investment loans (pots of available investment)

How can we help you?

Our programme activity is open to SE's regardless of size - start-ups and large established organisations are equally welcome.

All Proper Good workshops are listed on the Stronger Together training page of the Bolton CVS website.

Updates about other events are shared via our Facebook page and through our newsletter. If you want to stay up-to-date about Proper Good happenings, email propergood@boltoncvs.org.uk
