

Bolton's Fund: Household Support Fund 5 May – September 2024

Large Grants

Allocation: £250,000.00

Period: Finishing 30th September 2024

Closing date: Sunday 23rd June 2024

Programme Guidelines

Background to the Fund

Bolton's Fund, via the Department for Work and Pensions (DWP) has committed a further £250,000 in the Bolton's Fund Grants programme to enable Voluntary, Community and Social Enterprise (VCSE) organisations to provide crisis support to vulnerable households in the most need with the cost of essentials.

Large grants (up to £15,000) from the Household Support Fund can be used to support vulnerable households with essential costs related to the rising costs of energy and food and wider essential costs. The grant can also be used to support costs related to the provision of debt and benefit advice.

A wide range of vulnerable low-income households in need are eligible for support including:

- Households with disabled people,
- Households with children of all ages,
- Households with pensioners,
- Households with unpaid carers,
- Households with care leavers

In exceptional cases of genuine emergency, it can additionally be used to support housing costs where existing housing support schemes do not meet this exceptional need. (This may include households not currently in receipt of DWP welfare benefits).

Grants will be paid in one instalment at the start of the delivery period.

This funding covers the period up to 30th September 2024. All funds must be spent or committed by this date.

Funding Priorities

Successful projects must be able to support vulnerable households in most need in at least one of the practical ways below:

- Help with covering energy costs.
- Helping to cover the cost of food.
- Helping with other essential costs.
- Helping to cover the costs relating to housing.
- Provision of debt and benefit advice.

Please see below for further guidance about what a Household Support Fund Grant can be spent on.

All Projects must be completed by	30th September 2024. All funds must be allocated by this date.

What can you spend the Household Support Fund grant on?

This funding may be used to support vulnerable low-income households in need of additional support who are struggling with essential cost of living costs. Some examples of what the funding can be spent on include:

- **Running costs of your HSF project:** A maximum of 20% of the grant awarded can be allocated to cover the running costs of your organisation for your Household Support Fund project. This includes

administration costs associated with distributing Household Support Fund support to beneficiaries, rent or hire of your premises, heating costs, lighting costs, project management costs, transport costs, volunteer out-of-pocket expenses or staff costs. Please give details of all the running costs you will be claiming in your application.

- **Energy and water costs:** The funding can be used to support households in most need with energy bills for any form of fuel that is used for the purpose of domestic heating, cooking, or lighting, including oil or portable gas cylinders. It can also be used to support water bills including for drinking, washing, cooking, as well as for sanitary purposes and sewerage.
- **Food:** The funding can be used to provide food. This can be in kind or through vouchers or cash to purchase food.
- **Essentials linked to energy and water:** The funding can be used to support essentials linked to increasing energy efficiency and water (for example warm clothing, blankets, the purchase, delivery and installation of energy efficient white goods and appliances such as fridges, freezers, ovens, slow cookers). It can be used to fund items such as insulating a hot water tank, fitting draft excluders to a front door and replacing inefficient lightbulbs. The fund recognises that there are a range of costs which directly affect a households' ability to afford or access energy, food or water.
- **Wider essentials:** The funding can be used to support wider essential needs not linked to energy, water or food. These may include, but are not limited to, support with other bills including broadband or phone bills, clothing, period and hygiene products, essential transport-related costs such as repairing a car, buying a bicycle, or paying for fuel. This list is not exhaustive. It can also include one-off payments to prevent a crisis.
- **Advice services:** The funding may be used to provide supplementary advice services including debt, benefit and/or employment advice, The primary focus of the Household Support Fund is on providing practical, financial support rather than advice.

- **Emergency circumstances relating to housing costs:** Individuals in receipt of some other form of housing support could still qualify for the other elements of the Household Support Fund, such as food, energy, water, essentials linked to energy and water and wider essentials. The fund can exceptionally, and in genuine emergency, be used to provide support for historic rent arrears built up prior to an existing benefit claim for households already in receipt of Universal Credit or Housing Benefit.

What can't you spend the grant on?

This funding round will not fund:

- The fund cannot be used to provide mortgage support, though homeowners could still qualify for the other elements of the fund.
- Ongoing housing support or support of unsustainable tenancies.

Usual exceptions apply:

- We will not usually fund the purchase of equipment for a one-off activity or event or equipment for distribution to community members (unless it is directly related to the delivery and distribution of your Household Support Fund grant to vulnerable low-income households).
- Trips, outings, meals, parties or any other one-off activity that does not demonstrate significant community benefit.
- The purchase of alcohol.
- Activities of a political or specific religious nature.
- Projects that will be primarily of benefit to people living outside the Bolton Local Authority Area.
- Work that statutory bodies (such as schools or local authorities) have a duty to fund.
- Local government or NHS bodies.
- Wages of sports coaches and instructors (paid or volunteers) who are not listed on Bolton Council's Sport Coaches and Instructors Register, where the grant is for work with people aged under 18 years' old.
- Individuals or organisations on behalf of individuals.
- Costs to be passed on to other organisations, for example, Parent Teacher Associations (PTA's) applying on behalf of schools.
- Project and delivery costs incurred or those that are paid for, before a grant is confirmed.
- Projects taking place outside of the UK.
- Deficit funding or repayment of loans, interest or fines.
- Fundraising for another organisation.

Important - Data Collection Requirements

- Successful applicants must state how they will identify vulnerable households who may be in need of help.
- To satisfy the requirements of DWP, organisations receiving funding will need to have procedures in place to collect and produce information in relation to household composition and the category of support that is given.
- Data collection excel spreadsheets will be sent to all successful applicants. Organisations will be required to gather and report data on spend, volumes and number of households supported in the following categories:
 - Composition of the households they have supported (households with children, households with pensioners. Households with disabled person, other households).
 - Type of support given (energy and water, food, free school meals supported in the holidays, essentials related to energy and water, wider essentials and housing costs).
- You will also need to submit impact information in line with Bolton's Fund requirements, such as the number of volunteers involved in your HSF project and details of the expenditure of your project.

Awardees are required to submit the data returns related to the delivery of their project by mid-August 2024.

In your application, please outline how you will collect this information.

All successful applicants will be invited to a briefing session with Bolton Council regarding the collection and return of the data spreadsheets.
